CAMP ZOOMER

Camp...No Matter What!

SUMMER 2020

Dear Parents,

The Consortium of Jewish Day Schools and the Associated Talmud Torahs are pleased to offer Jewish boys and girls across the country its unique virtual camp, Machane Zoomer, for the summer 2020 camp season. The Nathan and Shirley Rothner Machane Zoomer promises to be an exciting experience which will provide your child with many fulfilling hours of learning and fun.

STEM programming will be provided by the Walder Science Center. Courses will include Science, Coding and Robotics.

Machane Zoomer offers a diverse menu of hands-on learning experiences that both stimulate and teach children completing grades 1-7. The program serves our elementary school children by giving them a safe and nurturing environment in which they can pursue their interests in specific areas of learning. Our commitment is to bring the joy and lighthearted fun of summer camp to our children this year! Our lineup includes a vast array of old favorites and new activities catering to every child's interest.

We look forward to sharing a fantastic and fun-filled summer with your children!

Sincerely,

Susan Feuer
Aviva Hoberman
Shelley Stopek

Program Structure

Tefillah and Middah of the Week: 30 minutes
Text-Based Class: 45 minutes
Elective 1: 45 minutes
Elective 2: 45 minutes
Lunch and Main Activity: 1 hour 15 minutes
